### Prom Review

Prom is the most anticipated event of a senior's year. It's supposed to be a night full of great times, and maybe a bit of romance. But was the night as good as expected? This year prom was held at a winery called Casa De Real, in Livermore. It is known for being very expensive and high end.

"When I first walked into the place I thought it was very nice, fancy, and elegant. Everything was clean and in place. It met my expectations," Breanna Macon, a Kimball senior stated. Not everyone was happy with the venue however. Kimball senior, Kyle Filter, remarked "My first impression was that the place was so small!" Known also for its good food, Kimball seniors and juniors feasted on stuffed chicken, pesto pasta, garlic mashed potatoes, green beans, and tiramisu.

Derrick Ko, another Kimball senior, provided his opinion on the food stating, "It was good, although it was fairly generic for the occasion. I liked the chicken the best- it was the best tasting entrée there!" On the other hand Macon had a different opinion of her meal. "From what I had, my chicken was so dry; everyone's was good but my table's. We had to ask for another plate of chicken and when it came, that one was dry as well! She gave her meal a two out of five.

Besides dancing there was also a few other activities to do at the event. There were caricature artists, a photobooth, and even a professional photographer that could take pictures of

you and your friends or date. "The caricature artist was really cool, I've never gotten something like that done before and it looked super cool after. The only downside was that we had to stand in line forever to wait to get it done but it was so worth it at the end. He made me look good!"

Cathy Martinez, a prom attendee, stated.

Despite the versatile opinions on the food and venue, almost everyone had similar statements of how their night went. "Overall the night was amazing. Dancing was so much fun, I danced with a bunch of people I don't even know! I went wild and will remember this night forever!" Macon exclaimed. "This night will never be forgotten, slow dancing to Ed Sheeran's "Thinking Out Loud" with my date was unreal," Filter mentioned. Overall it seemed prom had some flaws but overall it was a huge success! People seemed very happy leaving, and will remember the great time they had for years to come.
